## MESSAGE FROM THE ESKORT CEO, ARNOLD PRINSLOO – 7 March 2018

In the interests of our many loyal Eskort customers I would like to personally assure South Africans that Eskort products have not been affected by the Listeria announcement made by the Minister of Health on Sunday 4 March 2018.

All Eskort products have been declared safe including Polony, Russians and Viennas. We would also like to assure our customers that their welfare and safety is of paramount importance to Eskort and testing of our facilities and products is done constantly during the day.

I am confident and personally assure our customers that you may consume any product in the Eskort range without any health concerns.

For more information please visit [www.eskort.com](http://www.eskort.com) and view our media release.

Yours sincerely
